Boy Scouts from North Adams and vicinity pose with their leaders before taking off for New York on their United Nations tour.

One day last week, a large group of Berkshire County Boy Scouts boarded the train in North Adams at seven o'clock in the morning for a day at Lake Success, New York, the home of United Nations. This is the first group of Scouts in the country to visit U.N. by invitation from the Boy Scouts of United Nations.

It came about this way. The past two summers have meant camping at Camp Eagle for many Boy Scouts whose parents or relatives are connected with United Nations. This

fall, they returned the compliment by extending an invitation to the Berkshire group for a visit to the peace center of the world.

The boys report that the trip was exciting, although not long enough. They went first to a General Assembly meeting at which they enjoyed switching the microphones so as to listen to the various interpreters who made the speaker understood in many different languages. Then they ate lunch in the U.N. Cafeteria before going into New York City on a brief tour. They returned to North Adams around two

o'clock in the morning tired from hearing and seeing. We hear, too, that several cases of car-sickness prevented a spirit of complete abandon from leading them all merrily home.

Among the Scouts with relatives at Sprague Electric were: Ernie Coons, Fuad Joseph, Eddie Horsfall, Jack Lesure, Dick Lesure, Allan Stackpole, Jackie Royals, Donald Viens, and Buster Bullett. Incidentally, the pictures of the Scouts in action at U.N. were taken by Eddie Horsfall.

Congratulations to you, Scouts!

The next issue of the LOG will be published the week of December 19 in time for Christmas. We would like to have plenty of children's pictures for this particular issue. Deadline date, December 12.

BLOOD DONORS

Columbus Castagnetti of Marshall Street Maintenance and Adam Novak of Beaver Street Dry Rolling gave blood for a seriously ill patient in the North Adams Hospital on November 7.

Christmas Party

WHEN: December 17. Doors open 8:45 a. m. Shows begin 9:30 a. m.

WHERE: Richmond and Paramount theaters which have been donated, by the owners, for the party.

WHO: All children, under twelve, of all employees of Sprague Electric Company.

Sponsored by I. C. W. No. 2.

A Message From Santa

The Fourth of July used to have the highest rating for holiday fire accidents. Because so many precautions have been enforced to make the Fourth of July safer, the accident quota for this summer holiday has dropped way down, and in comparison the Christmas day toll has gone up. By using similar caution on December 25th the number of fire tragedies on this day also can be reduced. Here are a few do's and don'ts for you to follow:

DON'T buy toys for your children which use alcohol, kerosene or gasoline to make them go.

DON'T place electrical trains around base of tree.

DON'T leave the tree lights burning when you are away from the house.

DON'T use candles.

DO inspect your wiring before attaching lights to Christmas tree.

DO be sure that all electrical toys you buy have the Underwriters' Laboratories Inc. markers on them.

DO be sure you have plenty of ashtrays around your house so stray ashes or cigarettes won't cause a fire.

DO use non-inflammable decorations on your tree.

DO call the fire department immediately upon detecting fire.

DO have emergency equipment easily available for controlling small fires.

DO have a pail of water near your tree for immediate dousing of the tree.

DO have an Ansul Dry Chemical Fire Extinguisher near your electric outlets for immediate control of electric fires.

SERVICE AWARD DINNER PLANNED FOR DECEMBER 14

Invitations are being mailed for the annual Service Award Dinner which will be held at the Richmond Hotel on December 14, at 7 p.m. This dinner will honor those employees who have seen ten, fifteen and twenty years uninterrupted service with the Company as of November 1, this year.

The ten, fifteen and twenty-year pins will be presented at this time. Wives and husbands of those employees receiving pins will also be guests of the dinner. The five-year pins will be given out by the foremen in the various plants shortly after December 14.

If there have been any omissions or errors in the following list of ten, fifteen, and twenty-year employees, please call the Employment Office for correction:

20-YEAR EMPLOYEES

Walter Clark, Frank Gassett, Fred McNamara, and Preston Robinson.

15-YEAR EMPLOYEES

Anna Barbuto, Lawrence Bishop, Charles Blouin, Ralph Boisjolie, Raymond Calvi, Thomas Cullen, Mary Currie, Francis T. Connor, Margaret Daub, Cordelia Deso, Charles Desrosiers, Stanley Dorst, Edward Ducharme, Almaud Dupont, Sophia Embry, Mildred Forgea, Arthur Giroux, and Helen Jane Harrington.

Also Samuel Krouse, Mary LaDame, Florence LeFave, Maurice Lemieux, Jennie Marceau, Agnes McDonough, Doris Merlini, Enis Montagna, David M. Puppolo, John Puppolo, Mials E. Robson, Helen Root, Herman Schonfelder, Stephanie Szurek, Cecille Trudeau, Maude Waska, Busby Williams, Fred Windover, and Stanley Ziaja.

Haskins, Frank James, Mildred Mahoney, Jennie Melito, Francis Messina, Irene Morin, Ellen L. Perris, George Remillard, Bertha M. Roy, Raymond Shields, Evelyn Therrien, and Esther Vetro.

Berkshire Community Orchestra

The Berkshire Community Symphony Orchestra, under the direction of Joaquin Nin-Culmell, presented its first concert of the season at Chapin Hall, Williamstown, on November 21.

A large audience showed full appreciation of the program which was beautifully played and which reflected the efforts of the conductor and the musicians in the best manner.

Mr. Nin-Culmell performed in the capacity of pianist, as well as conductor and played two encores in recognition

of the applause given the orchestra at the end of Beethoven's Fourth Piano Concerto. In the latter half of the program, Jay Rosenfeld, of Pittsfield, conducted one of the movements of Rimski-Korsakov's Spanish Capriccio, thus bringing back to the stage the conductor who led the orchestra during Mr. Nin-Culmell's absence last year.

It was a good concert and it was good to see so many familiar faces during the intermission.

The Berkshire Community Symphony Orchestra played before an enthusiastic audience in Williamstown on November 21.

Christmas Spirit

If any of you feel that you simple cannot find the Christmas spirit this year, we recommend that you go up to Whitcomb Summit after dark, turn around and come back slowly around the Hairpin Curve, taking time to look out on the colorfully lit city of North Adams. It looks like the proverbial fairyland with the Christmas lights twinkling in the distance and the headlights of moving automobiles providing just the proper amount of relief from the dazzling sparkle.

We usually think of Christmas spirit as that something which makes Christmas shopping easier and gayer. This year, let us think of the Christmas spirit as that feeling of thankfulness to God for the many blessings bestowed on America -- free worship, free speech, free press, free ballot, free schools and free enterprise. As we pay homage to the birth of Christ in our churches and in our homes, around the festive board and Christmas tree, let us so value these privileges that we may ever be on the alert to defend our freedom against tyranny. Let us pray that America may forever stand a Christian bulwark before all the world.

Let's remember that here in this section of the Berkshires we have all those things which go to make Christmas spirit, and let us keep faith with those who have instilled these principles in our minds and hearts by passing along respect for those same principles to our own children who will be the leaders of tomorrow.

HAPPY CHRISTMAS SPIRIT!

When does a 1942 Chevrolet look like a 1947 model? When it belongs to Hank Gamari.

Welcome to our department, Miss Helen Morawie. Hope you like it with us, Helen.

A certain young lady in this Department has asked us to come up to her house and to use the back door. She's not kidding. She has a dog that you can put a saddle on and ride like a horse and is just crazy about strangers. "Herd Duke."

Yours Truly is in his glory with this beautiful hunting weather and results obtained for his efforts.

Miles Heath would like to get his hands on the hit and run driver who smashed into his car. We wish you luck Miles.

Note:

To all Sprague Employees. If you are in doubt as to the future of the condenser business, I refer you to the Reader's Digest, September issue. (I know it's a little late but it's still there). You'll find that commercial fishing has employed electronics in locating schools of fish that would have been missed by any of the old methods.

One of these contraptions sells for \$4000.00 and is the latest brain child added to the Electric family. I'll stick to my bamboo and casting rod for my fishing.

Leon Richards spent his two weeks vacation at home. His wife had a list of jobs for him to do so he was pleased to get back to work. Leon also fished in a snow storm at Lake Champlain. No fish!

Jack Waterhouse spent a few days in New York City. His wife and mother-in-law accompanied him. They took in the sights and shows.

Bill Richard celebrated his birthday Nov. 11. His wife and daughter gave him a nice jacket.

The majority of the boys attended the American Legion banquet on November 10. A good time was had by all.

We are going to buy Chuck Mulcahy, Joe Rosse, Joe Zona, John Raby, Alie Bates and Larry Roberto each a new alarm clock — one that can't be shut off until they are out of bed. It seems that, lately, everyone reaches over, shuts the alarm off and drops back into dreamland.

We hope everyone had an enjoyable Thanksgiving and didn't get too uncomfortable from overeating. We in the United States had much to be thankful for on this Thanksgiving Day.

Better get your Christmas list out as there will be less than one month before Christmas by the time we receive this issue.

Larry Richards, of Brown Street Molding, with a few of his steins collected from all parts of the world.

Larry Richards, Foreman of Molded Tubulars at Brown Street, began collecting beer steins while overseas with the Air Force in 1942. His collection has grown through the years until now he can count sixty, all shapes and sizes. Several of the steins, most of which originated in Germany, are more than one hundred fifty years old. The collection is on display in his trophy and bookcase in the Richards den.

If the hobby grows much larger and tends to overflow the confines of the den, Larry's wife has intimated that this particular collection will come to an abrupt halt.

Larry's father-in-law gave him a stein from Canada, some have come from auctions, and a couple of Sprague employees have given him others. He would be delighted to show his collection to anyone interested in it and to "talk turkey" to anyone interested in adding to it.

This hobby is one that can be appreciated by teetotalers and imbibers alike and one which need not involve heavy expenditure. Incidentally, the word "stein" comes from the old Greek word meaning "stone" which may account for the oldest ones being made of earthenware.

A strange hill has hit the Can Shop from two of our very good workers left our midst. Good luck, Bill Hussey and Hector Landry.

Frank Morandi felt that he got gyped after winning the steak dinner in the Bowling League for the low single. The day his meal was due, he had to substitute spaghetti and meatballs because he forgot his brand new pair of masticators.

Larry Daigault and Cliff Domenichini were also winners of the same prize but Yours Truly, being the poorest bowler of the whole team, didn't get a free meal.

Joseph Andrew Rogowski is the new arrival at the home of Walt and Lena Rogowski.

Harry Paesler is sporting a nice new Chevrolet. He also has something pretty nice on the back of his motorcycle each weekend.

Ray Chalifoux says that Chevrolet of his is just about what he thought it would be.

Nick Sanzi says he had a good vacation — the little man with the big voice, Cliff, says, "What about that old saying about no news being good news?"

The boys are really steamed up. Everybody is voting for Morandi to get the news for the LOG.

Birthday greetings, Florence Lincoln. Several girls in the department gave her a cake all lighted with candles. It was then divided among the gang who enjoyed it very much. She also received a good paddling from her supervisor, Henry Meczywir, who said he had waited a long time for that job.

Anna Malloy and her husband, John, were chaperons at the reception for freshmen at St. Joseph's. Elizabeth Kenney, Frances Solari, and Bertha Jennings were among the spectators. We hear that Bertha's daughter, Shirley, looked lovely.

Clara Marceau, happy birthday from the gang and greetings on your anniversary.

Charles Desrosiers, don't you know when you play with fire you can get burnt?

Dolores Bailey certainly had fun with her trained lizard which frightened everyone.

Florence Lincoln's daughter, Doris, also had a birthday. Was she surprised when she saw the beautiful jewelry her mother gave her! Lucky girl.

SPORTS . . .

This picture of the Williams College Little Three Champions was taken by Harold Shore, son of Harry Shore of Industrial Oils.

Williams College Football

Williams College Wins "Little Three" First Time Since 1941.

Williams College wound up a successful season by capturing the "Little Three" Title when they downed a fighting array from Amherst on Weston Field, 19-13.

This game the final for both squads—with the championship hinging on the out-come, was a typical one between these arch-rivals. A great crowd estimated between 7500 and 9000 turned out for the fracas and the game was a thriller from start to finish.

Williams drew first blood when they took the opening kickoff and marched steadily down the field, tearing huge holes in the forward wall to score at the end of an 84 yd. drive.

"Pete" Delisser, who is a seat back but a 60 minute performer, intercepted, or picked off a fumble in mid-air and scampered some 45 yds. to pay dirt to register the Purple's second TD.

At this stage it looked like Amherst was in for a trimming but they fought back hard in the second period and the half ended with Williams leading 13-0.

In the second half Amherst began to assert itself and finally culminated a drive by scoring from 5 yds. out. The try for extra point was wide and Williams led 13-6.

Again late in the third period Amherst was fairly deep in Williams territory when Kulsar, sophomore full-back and one of the stars of the game intercepted a pass and raced back into Amherst territory before being downed. A few moments later "Pete" Delisser on a hand off fired a pass to Kulsar on the 25 who raced unmolested the rest of the way — The extra point was blocked.

The remaining minutes of the game were hectic for Williams as Amherst desperately filled the air with passes and finally were rewarded by scoring with but a minute and a half left to play. The conversion was good and the score was now Williams 19—Amherst 13. Williams froze the ball for about 1 minute and Amherst was attempting to get away one long one when the whistle blew signifying the end of another titanic "Little Three" struggle.

Capt. Stu Duffield brought his Williams career to a fitting close and played his customary sparkling game. Johnny Kulsar, in our book played his best game of the season and little 155 lb. "Pete" Delisser the opportunist once more demonstrated to the crowd that when the chips are down he is Johnnie on the spot.

At graduation Williams will lose the brilliant Duffield, Mahoney, Roach, and two or three good substitutes; however, Williams is fortunate to be able to present the bulk of its team again on Weston when another Fall Season comes rolling along.

During the season Williams won 5, Lost 2, and Tied 1.

To the Coaching Staff that consisted of Bobby Coombs, Al Shaw, Frank Bell, and Head Coach Len Watters are hearty congratulations.

FLASH! At a special meeting of the Williams Football Players — Pete Delisser was chosen Captain of the 1950 Williams Football Team. A better choice could not be had.

BASKETBALL

Sprague Electric Lassies Again Take to the Court

The Sprague Electric lassies are now practicing for the coming campaign and under the able guidance of "Cazz" Sanecki will undoubtedly have a good season. The experience gained last year will serve in good stead for this season. Any Sprague girl who has not come out for the team and who wishes to is certainly welcome — but do it now while the season is young.

NEW BASKETBALL TEAM

The Industrial Oil Department of Brown Street has formed a new basketball team. The players have had considerable experience within the past twenty-five years so great results are expected. The personnel is as follows:

Manager, Bill "Curly" Sheldon; Coach, Pete "Panda" Hatton; Water Boy, Al "Mudder" Guisti; Time Keeper, Paul "Winchell" Bouchard; **Forwards**, Winnie "Flash" Emery, Ruby "Stretch" Hubbard, Ceil "Zip" Bouchard, Evelyn "Dribble" Jones; **Guards**, Liz "Speed" Maynard, Ag "Tank" Houghton, Evelyn "Hop-along" Morton, Margaret "Chirp" Kernahan, Albina "Swift" Bouchard, Mamie "Snapper" Sweeney; **Centers**, Margurite "Shorty" Walsh, Sophia "Frenchy" Duperault.

"It's obvious that that old skinflint isn't going to pay any attention to the bills I sent him," a dentist told his wife one morning. "I'm going up to his house and collect in person."

very glum.

"I can see by your face that he didn't pay you," said his wife. "He not only didn't pay me," said the dentist ruefully, "but he bit me with my own teeth."

Jackson Perry, Superintendent of Parks and Recreation in Pittsfield, made the trip to Colorado Springs, Colorado, where he outbid Alpena, Michigan and Winnipeg, Canada for the North American Outdoor Speed Skating Championships. The date for the meet has been set for February third, fourth and fifth.

While Mr. Perry was in Colorado Springs he was elected third Vice-President of the Amateur Skating Union. He was also chosen a member of the Olympic Committee which will select the 1952 Olympic Team.

While many youngsters would like to compete in the North American when it is held in Pittsfield, it is doubtful if more than two or three local skaters can qualify for the meet. The main reason that more skaters from here will not be eligible is that one must be a registered skater and must compete in registered meets. From the record in these meets, no more than six skaters may be selected for the North American in any one class. My advice to local skaters who would like to compete in the North American is register with the Pittsfield Club and compete in the New York State meets. If you show up well during the season, you may be selected to represent the New York Skating Association.

A win over third rated light heavyweight, Leonard Morrow, gives Jimmy Bivens the title "fighter of the month." Jimmy is rated fifth in the heavyweight class.

Archie Moore moved from fourth place to second in a win over Bob Amos.

Doc Williams is now rated fourth in the light heavyweight class.

Tami Mauriello, after losing to Joe Dominic and Cesar Brion in the heavyweight class, called it quits and hung up his gloves.

Rocky Marciano kayoed Tommy DiGiorko in the fourth and won over Ted Lowry in ten.

Al Lemire won over Johnny Peveroda in eight rounds.

Terry Young, in the light heavyweight class, won an upset over Enrique Bolonas which placed Terry third in the division. Tommy Campbell holds post number one. Ike Williams is the champion.

Bert Lytell won over Doc Williams in a TKO in the eighth round. The referee stopped the fight for a cut over the eye.

Pittsfield High Annexes Berkshire Crown By Downing City Rival Pittsfield St. Joseph By Overwhelming Score.

After a long number of years the Pittsfield High grid team has finally won the Berkshire Class A Championship. In winning its last game of the season the Fox clan grabbed the title after seeing either Adams High or the Drury "Blue Devils" continually take the bunting.

Coach Fox had a veteran squad and with a fullback of the size of Johnny Perrone around and who could buck that line and really carry the mail, Pittsfield was able to make most clubs in Western Mass. really step to win. A demonstration of that fact was in the Cathedral game. The Fox men all but won the contest as they stormed back with two touchdowns in the third period after trailing by a like number early in the game. However an alert, smart Cathedral team from Springfield had the necessary stuff and came back to win.

The coming game between Cathedral and Westfield will just about decide the Western Mass. Champions for this year. Both teams have impressive records and the "Bombers" from Westfield will attempt to repeat and win the title for the second straight year.

A Good Shot!

Among those who were lucky enough to get deer during the Vermont hunting season was Howie Sherman of Product Engineering who came home with a six point buck which weighed 175 pounds. Howie shot him in Searsburg, Vermont, on November 16. Nice hunting, Mr. Sherman!
